During this period, you will also be required to submit to the Mining Commission quarterly reports in respect to the performance of the local content plan.

4. Furthermore, in accordance to Regulation 37 of the Mining (Local Content) Regulations, 2018, you are required within sixty (60) days of the beginning of each year to submit to the Mining Commission an annual Local Content Performance Report covering the period from when your Local Content Plan was approved.

5. It is our hope that you will implement the plan effectively while taking into consideration all other requirements of Section 102 of the Mining Act Cap 123 and its Mining (Local Content) Regulations, 2018. This includes a requirement for a non-indigenous Tanzanian Company which intends to provide goods and services to incorporate a joint venture company with an indigenous Tanzanian Company and afford that company an equity participation of at least twenty percent (20%) as per Regulation 8 (6) of the Mining (Local Content) Regulations, 2018.

6. You are also reminded that non-compliance to Local Content Regulations will subject you to penalties as stipulated under these Regulations.

7. Thank you for your continued cooperation.
